1. This is a consolidated PARTS LIST of Model DLM-52.
2. This list is divided, as a principle, into various sections according to the functions of parts and also contains illustrations to assist you visually.
For example, if you want some parts for the Stitch Regulator Components, just refer to the section on "Stitch Regulator Components" etc.
3. The figure on the illustrations indicate the corresponding numbers on the LIST.
4. On bits and pieces parts such as screws, etc. the illustration shows only a representative one and so for the required quantity of these parts, refer to the LIST.

NOTE: The large Gothic number on the top line of Reference No. are the new, current parts numbers.

The small parts number shown just below this line is now obsolete.

```
* EXAMPLE *  Ref. No. 1  B-1101-052-000 .....New number
              521101      .....Obsolete number
```
