SOTTOCLASSI

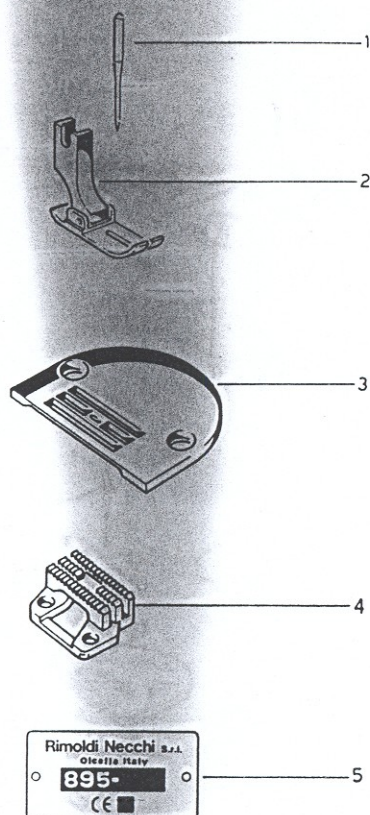

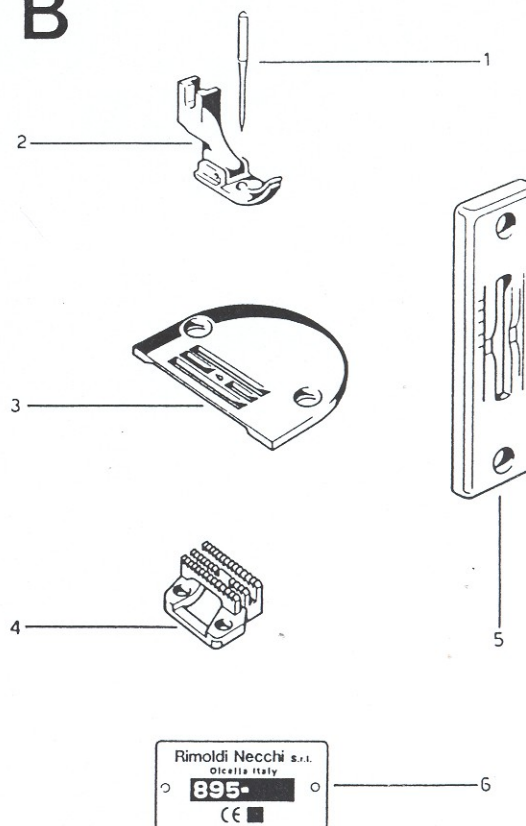

Non è stato possibile indicare a fianco dei simboli le matricole corrispondenti all'inizio del montaggio di parti modificate perché molte trasformazioni sono state fatte in tempi successivi all'immatricolazione delle macchine tipo e spesso al di fuori del nostro stabilimento e dal nostro controllo.

SUB-CLASSES

It has not been possible to indicate beside the symbol numbers the serial numbers corresponding to the beginning of the assembly of modified parts because many modifications have been carried out after the numeration of the basic model machines and this often outside our factory and consequently without being controlled by us.

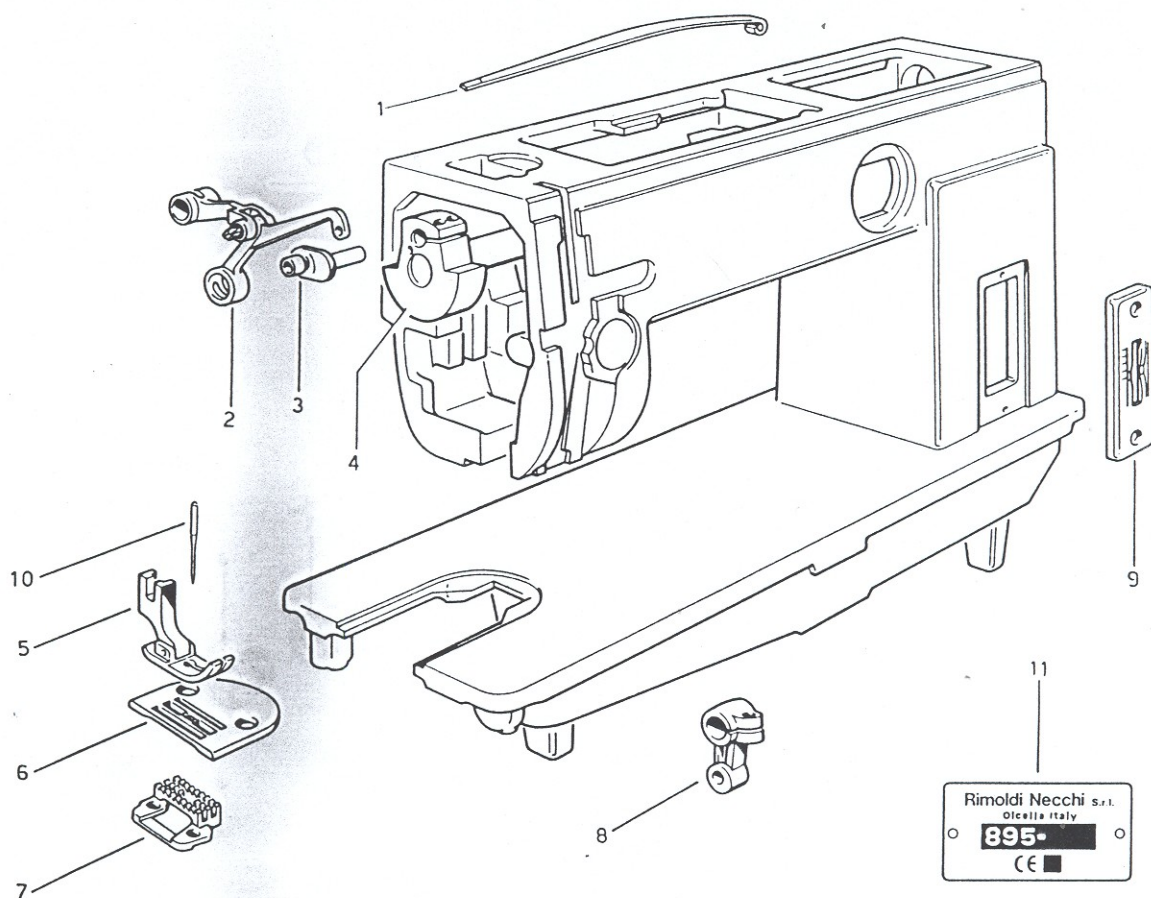

SOUS-CLASSES

Il n'a pas été possible d'indiquer à côté des symboles les numéros-matricule qui correspondent au commencement du montage de pièces modifiées car un certain nombre de modifications ont été faites après le numérotage des modèles de base et ceci même à l'extérieur de nos usines et par conséquent sans aucune possibilité pour nous d'en effectuer le contrôle.
